

FOR IMMEDIATE RELEASE

Prodigy Payment Systems Announces Partnership with MerchantZoneDomains.com

Richardson, TX. – February, 27 2009 – Richardson, TX based Prodigy Payment Systems, www.ProdigyPay.com, a leading merchant services provider, is proud to announce a strategic partnership with MerchantZoneDomains.com.

Prodigy Payment Systems will now offer customizable websites to both their new and existing merchants. Prodigy will be able to provide the initial setup of public domain registration, hosting, e-mail account setup and a starter home page layout.

Merchants can choose from thousands of website design templates and personalize them by adding their own logos, pictures and information. Due to the template nature of the pages, merchants don't need any working knowledge or experience creating web pages or using typical HTML design, they can simply pick and place design elements.

"We believe that an online presence should not be relegated only to big-box retailers," said Mark Harrelson, Chief Sales Officer. "By partnering with MerchantZoneDomains.com we can provide a cost-effective service that our merchants can use to promote and grow their businesses online."

About Prodigy Payment Systems

The payment processing industry continues exponential growth each year as more and more business owners see the benefit in not only accepting multiple forms of payment, but also in doing so with a provider that offers outstanding customer service. Nearly one-third of all retail payments are made using plastic cards, and that numbers continues to climb every year. Capitalizing on technology, Prodigy Payment Systems has structured a package geared towards small to medium-sized business owners that offers both the industries best service and extremely competitive pricing. No matter what kind of business you operate, Prodigy has a customizable solution that will fit your business model.

Prodigy Payment Systems is located at 520 W. Arapaho Rd, Suite 120, Richardson, TX 75080. Visit Prodigy Payment Systems online at www.ProdigyPay.com.
