

**FOR IMMEDIATE RELEASE**

## **Prodigy Payment Systems Proudly Announces the Renewal of its PCI Compliance Certificate**

**Addison, TX. – August, 31 2009** – Addison, TX based Prodigy Payment Systems, [www.ProdigyPay.com](http://www.ProdigyPay.com), a leader in the electronic payment processing industry, proudly announces the successful completion of its PCI annual review.

The PCI Security Standards Council has established PCI Data Security Standards (PCI DSS) designed to protect cardholder data. The standards apply to all organizations that store, process or transmit cardholder data.

Prodigy has developed innovative measures to assist their merchants in compliance with these standards and provide a single-source solution for their processing needs in an effort to alleviate merchant processing vulnerabilities and protect sensitive cardholder data.

"Due to the recent data breaches within our industry it is vital, now more than ever, to continuously monitor PCI compliance," said Vice President of Operations Robel Sebany. "We are dedicated to ensuring PCI compliance at Prodigy so that our small-to-medium sized merchants are secure in meeting all regulatory requirements for protecting cardholder data."
